

Activity Resources

Last updated: 4/20/2020

Lutheran Social Services of Indiana has developed this list of activity resources to assist individuals and families during the COVID-19 pandemic. The intent of this list is to provide one central document to use as a reference for possible activities and resources. The responses and relevance of the listed organizations could quickly become obsolete due to the fluid nature of COVID-19 crisis and response. As such, your use and our responsibility for this list is subject to the limitations set forth at the end of this list of resources.

For more information or additional COVID-19 resources, visit www.lssin.org/covid19

HOW TO PLAY

Learn new ways to appreciate nature as you observe the diversity found in your own backyard.

listen closely, do you hear the quick *chirp-chirp* of a robin?

Look closely, can you spot some multi-legged friends working in your garden's soil?

Grab your family and friends, and head outside as you work to find nature items listed on this activity card.

- ✎ Print and place in your pocket as you explore your own backyard! Search high and low for nature items.
- ✎ Don't forget to take a pencil along your adventure to cross off and fill in your nature findings.
- ✎ Make it reusable! laminate or place activity card in a plastic folder pocket. Use dry erase markers for endless games.
- ✎ Find 5 nature items in a row and you win!
- ✎ Be careful where you step! Practice "leave no trace" as you find native animals and animal homes.
- ✎ If you want to enjoy nature from the indoors, print and hang activity card by a window for some intentional nature observations.

Share your nature memories and family connection time with the Fort Wayne Children's Zoo. Use #fwkidszoo or email education@kidszoo.org to share how you used these supplemental activities!

Connecting kids and animals, strengthening families, and inspiring people to care.

WATER TRICKLING	PURPLE FLOWER	SOMETHING YOU THINK IS AMAZING _____	2 DIFFERENT BIRDS What are the bird's colors?	BUTTERFLY

COPING WITH COVID-19

With the recent and abrupt changes in our community, schools, and home lives, there are some lifestyle choices that can help minimize worries and promote overall well-being. A key to feeling better is using wellness strategies aimed at helping you cope with the stressors in your life.

1 EXERCISE AS A FAMILY

Exercise is a natural stress reliever and can have a positive effect on mood. Try a short family walk for 15 to 20 minutes every day. Physical wellness and mental health go together.

2 TAKE TIME FOR FUN

Take some time to do things you and your children enjoy. This can help improve your mood and outlook on life to help you better manage stress.

3 START WITH YOU

Make sure to take care of your own worries before talking with your children or answering their questions about what stresses you. Children model behavior of the adults around them.

4 SAFETY FIRST

Focus on what you're doing to stay safe and emphasize those precautions when talking with your children. Youth feel empowered when they know what to do to keep themselves safe.

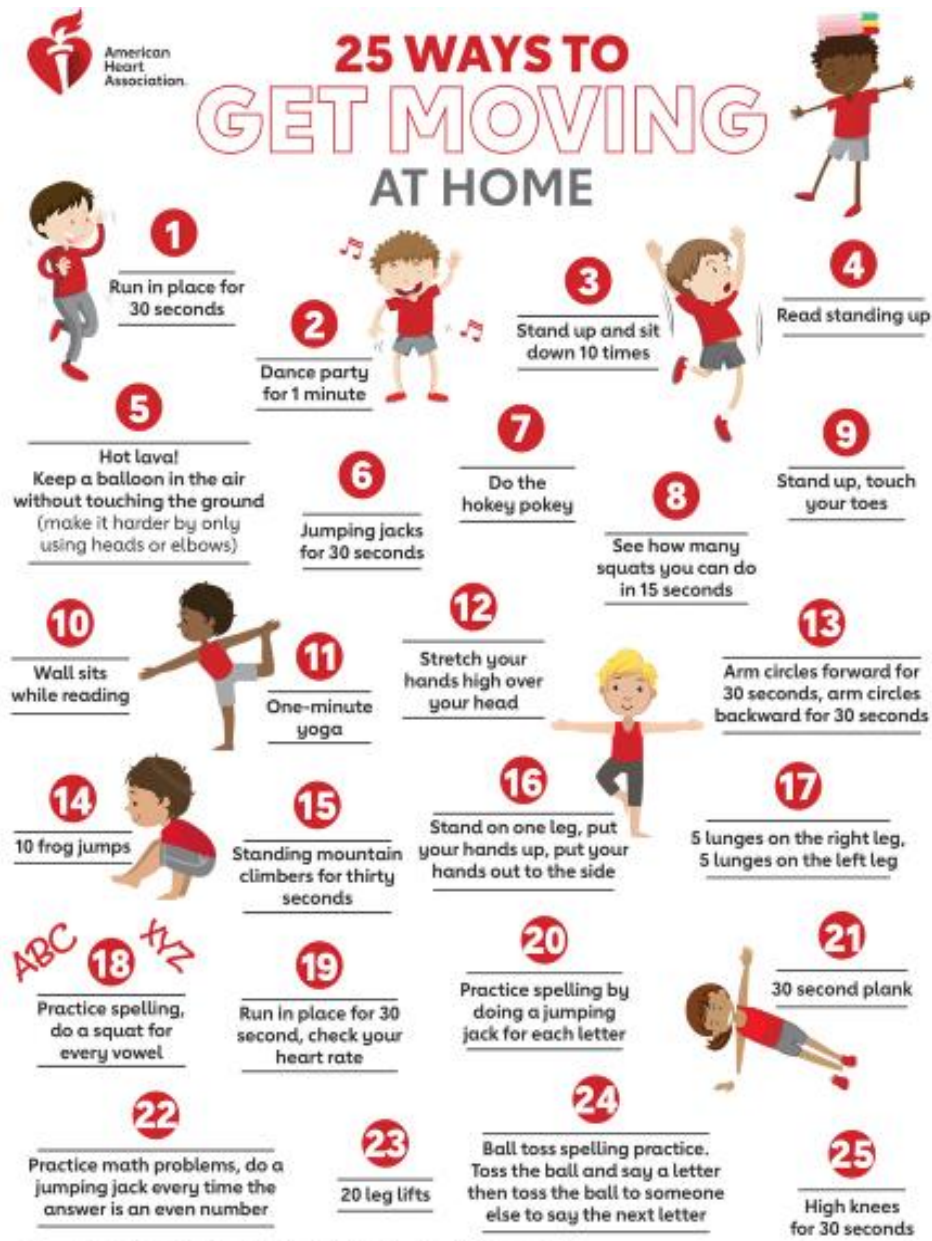

5 HAVE A ROUTINE

Stick to routines – even in times of uncertainty. Staying rooted in routines and predictability is going to be helpful for children. Structure days with regular mealtimes and bedtimes to keep children happy and healthy.
